
Writing Major Key Signatures

PRACTICE DRILL

Write the following major key signatures! Remember the zig zaggy pattern for sharps (start by going down) and for flats (start by going up.) If you're still memorizing the key signatures, write a Circle of 5ths or the order of sharps and flats below to help you remember how many sharps and flats are in each key. Memorize all of these ASAP! If you can remember how many sharps or flats are in any given key, and you remember the order of them, you'll be set! Check out the videos for tips and tricks!
